

CSHCS INFO #6-2014 - CSHCS/ACA/Underinsured demonstration webinar information
Mon 3/10/2014

Dear Local Health Partners:

During our CSHCS/ACA/Underinsured demonstration webinar on February 27th we walked you through the newly created Underinsured work screen. This work screen lists those clients in your county that do not have creditable health insurance coverage per ACA standards. It also has a valuable follow-up feature for you to keep track of contacts and work done regarding these clients.

“The “Underinsured Clients” work queue is now available for use. If you have further questions or if you are having difficulty accessing the work queue, please contact Anthony Spagnuolo at spagnuoloa@michigan.gov for assistance. His telephone number is 517-241-8385.

As previously mentioned, this webinar was recorded. Please visit the following link to see the webinar or if you need a refresher about the Underinsured work screen:

If you have any questions pertaining to a specific client on the underinsured list, please call Amy Chapko at 517-241-8998.

Thank You.
